

ON-COUNTER PRESENTATION READERS

From low-to-medium volume POS applications such as those in convenience, specialty and drug stores, to healthcare and document handling in office environments, Datalogic Scanning's wide range of presentation readers offer a variety of form factors to solve data collection needs.

IN-COUNTER SCANNERS AND SCANNER/SCALES

The Magellan™ brand of high performance scanners and scanner/scales are world renown for their unstoppable performance and extreme reliability. Scan after scan, these powerhouses are truly the hardest working scanners in retail. The Magellan line of scanners with its years of continuous development, combined with Datalogic's deep experience in high volume retail checkout environments, has redefined industry expectations. Magellan scanners and scanner/scales are the definitive benchmark for quality and dependability at the point-of-sale (POS).

ON-COUNTER READERS

Magellan™

Presentation

The Magellan 1100i / 1400i presentation scanners provide throughput performance similar to larger fixed position single plane scanners like the Magellan 2200VS but in a smaller footprint and are designed for occasional handheld use.

Model	1100i	1400i	2200VS
Technology	Omnidirectional Imager	Omnidirectional Imager	Omnidirectional Laser
Distinctive Features	<ul style="list-style-type: none"> Handheld and hands-free operation. Aggressive performance on 1D and optional 2D codes. Precise imaging scan volume eliminates misreads caused by stray laser scan lines. Omnidirectional targeting mode for Price Look-Up (PLU) lists. 	<ul style="list-style-type: none"> Handheld and hands-free operation. Autodiscriminates 1D and 2D codes. Precise imaging scan volume eliminates misreads caused by stray scan lines. Omnidirectional targeting mode for Price Look-Up (PLU) lists. Checkpoint Systems EAS compatible. 	<ul style="list-style-type: none"> Best in class performance for both sweep and presentation scanning. FirstStrike™ advanced decoding software delivers the best performance in reading poor quality labels. Powered auxiliary RS-232 port for easy integration of a handheld scanner. Checkpoint Systems and Sensormatic EAS compatible.

GENERAL PURPOSE HANDHELD READERS

INDUSTRIAL HANDHELD READERS

GENERAL PURPOSE HANDHELD READERS

Datalogic Scanning's wide range of general purpose handheld readers offer users a variety of choices for their data collection activities. Product sets offer conventional laser or linear imaging technology and support for linear or 2D decoding, plus a variety of features to meet specific scanning needs. For use in simple to complex applications across industries, you will find these handhelds easy to use, fast, accurate and extremely versatile, while maintaining ergonomic comfort for extended periods of use.

*** MOBILITY / RANGE (Handheld Readers)**

INDUSTRIAL HANDHELD READERS

Datalogic's PowerScan™ industrial handheld readers are data collection's definitive example of ruggedness and durability. Often imitated, but never rivaled, the PowerScan products rise above the fray with their outstanding performance and unyielding reliability. Designed for industrial applications or abusive environments, PowerScan readers offer corded and cordless models that include a full array of accessories and options to enhance portability and provide additional usability.

	GENERAL PURPOSE HANDHELD READERS										INDUSTRIAL HANDHELD READERS

	An excellent value for those seeking a cost-effective solution.	Entry level products that are small, lightweight and offer snappy reading performance especially on hard-to-read bar codes.		An entry level reader packed with features and perfect for large or small retail or POS applications.	The perfect entry level cordless solution for simple point-to-point communications.	The Gryphon line of handheld readers is the premium, feature-rich solution for general purpose applications. All Gryphons offer top reading and decoding speed including unmatched performance on high resolution codes plus Datalogic's patented Green Spot technology for good read feedback.					The PowerScan 7000 / 7100 product series are Datalogic Scanning's value line of rugged industrial handheld data collection products. The PowerScan 7000 / 7100 1D and 2D imaging readers combine rugged durability and extremely snappy reading performance all at an affordable price.			A high-end solution of features and performance for industrial applications. Datalogic's Three Green Lights (3GL™) ensure quick and reliable feedback featuring the Green Spot on the code combined with dual Good Read LEDs on top and on the back of the cap for increased visibility in any condition, at any angle.
